THIS WEEK

"The Lord blesses His people with peace."

-**Psalm 29:11** (NLT)

Justin introduced this month's fruit of the Spirit theme of peace and began his teaching by defining peace. He asked the students, "What stresses you out or scares you?" Students responded with answers like playing monster, meeting new people, and going to a birthday party that isn't yours. Justin encouraged students to trust in God and pray to him because that is what brings us peace in those stressful and scary situations. He furthered his teaching with the truths that knowing that God has an incredible plan for your life and that He loves you perfectly removes fear and brings peace to your heart. Justin concluded with having the students recite Philippians 4:6-7, and he encouraged the students to pray in order to find peace. Lastly, he led the students in a response prayer for peace and also had the students pray a blessing of peace over the person on their right and left.
