PSALM 27:14

## • THIS WEEK •

*"Wait patiently for the Lord. Be brave and courageous. Yes, wait patiently for the Lord."*

—**Psalm 37:14** (NLT)

*"So let's not get tired of doing what is good. At just the right time, we will reap a harvest of blessing if we don't give up."*

—**Galatians 6:9** (NLT)

Mr. Nydam skillfully introduced the theme of patience in this week's chapel. First off, he defined patience and asked the students to think of what they have had to wait and be patient for. Some students replied with a birthday, candy, and Christmas. Mr. Nydam taught from the two verses above and challenged the students to 1) wait for it, and 2) never give up. He used an example about how fishing teaches us to wait and never give up. To conclude his message, he cleverly illustrated this concept of patience by having some volunteers participate in the "two-block challenge," which was a game that required teamwork and patience.
