

Cultural Influence? 🤔

Learn how the power of the culture is shaping your child's worldview

An Evening with
DUFFY ROBBINS

Dr. Duffy Robbins is a respected youth ministry veteran with over forty years of experience in the field. He will be sharing about what kinds of ideas drive the culture in which your kids live, breathe and consume.

This evening will give you a better understanding of:

- Paganism, pluralism and postmodernism and how these three strains of thought impact your child's worldview
- Practical implications for raising kids in a "multiple choice" moral climate
