

ENGLISH 10 SUMMER READING

Summer Reading Philosophy

Reading is a fundamental life skill, and it can also be a pleasurable and rewarding activity. The LCA English Department cares greatly about fostering in our students the enjoyment of quality literature as well as helping them achieve academic gains across all disciplines. Studies show that people who read more become stronger readers and writers and have better vocabulary and spelling skills. Independent reading outside the classroom is just as important as guided reading inside the classroom in developing these skills. Our goal is for all students to take ownership of their reading and know the pleasure of independence.
