Legacy Christian Academy Announces Expansion Groundbreaking Ceremony

Andover, MN – On Wednesday, April 24, 2019, Legacy Christian Academy will be holding a Groundbreaking Ceremony at 1:00pm to celebrate the start of a new school expansion project.

Due to an increase in enrollment, a waiting list for additional student space and the loss of four portable classrooms, Legacy is expanding to increase enrollment in the school to an incredible 700 students each year. The new addition will include a technology/engineering lab, 2 science labs, business entrepreneurship center, athletic locker rooms, weight room, 2 art studios, band room, choir room, 3 music practice rooms, kiln room, flexible learning and social gathering spaces and is set to be completed by the Fall of 2020.

“Legacy is about people; it is about equipping and encouraging students to live out their dreams and the new education wing will enhance our already great student learning experiences and create new opportunities for student life transformation,” said Jake Mulvihill, Head of School. “Our community is excited about what God is doing at Legacy and has come together to pledge nearly \$6 million dollars to make this building a reality. Ultimately, the new education wing will further our mission of equipping the mind and discipling the heart of each student for Christ-like living.”

Legacy Christian Academy (LCA) is a PreK through 12th grade school that promotes academic excellence in a Christ-centered biblical worldview. LCA fosters a loving, collaborative learning environment that encourages students to expand their intellect, develop Christ-like character, and fulfill their God-given dreams. LCA is located on a scenic 40-acre campus in Andover, Minnesota, a northern suburb of Minneapolis.
