

Disclosure of Special Needs/Permanent Dismissal Disclaimer

_____ (Office use)

We believe that God created each precious child and that each child has different strengths. Some may have special needs or a diagnosis such as Autism, ADD, ADHD, Defiance Disorder, etc. If your child has any special needs, we require disclosure at the time of application. We have a passion for children and we want to make sure we are able to provide the best services possible.

Because we are not set up as a Special Education classroom and are not Special Education certified teachers, we need to evaluate if our program is the best fit for your child. Sometimes this may even become apparent after admission has been completed and classes have started. If we feel that we are not able to give any child the services needed or the child's behavior is negatively impacting the class as a whole, we reserve the right to permanently dismiss any child. It would be done at the teacher/director's discretion, but not without thought, prayer, and conversation with the parent(s).

Disclosing a diagnosis does not mean you will not be accepted, it just means that we need to partner with the parents to evaluate if LCA is the best option for your child. For further discussion about this, please call LCA and ask for Lynda Domino (PreK Director).
