

High School Athletic Overview

LCA is a Class A school member of the Minnesota State High School League (MSHSL) and member of the Minnesota Classic Athletic Association (MCAA). All offerings are open to 9th-12th grade students with the set **sports fee of \$175/sport/season**. (In most cases 7th-8th grade athletes interested in participating on a high school team will be evaluated for placement.) The various levels within a sport are determined by the results of **online registration** as of the posted registration deadline. The registration deadline is 2 weeks prior to the season start. After the deadline, a late fee of 20% applies and participation may be limited. Uniforms & transportation* are provided by the school. Parents are responsible for personal equipment (varies by sport). Practice days/times are determined by coaching staff each season. Game days/times are determined by the conference or coach in the case of non-conference match ups. Visit lcamn.org/athletics for more information.
