

Middle School Athletic Overview

As part of the **North Suburban Parochial School League (NSPSL)**, LCA students in grades 5th-8th grade will compete against other Christ-centered schools in positive athletic arenas. It is the goal of the league and LCA to expose young athletes to the world of sports at the appropriate developmental level, thus the league attempts to offer 3 competitive levels for each sport each season. It is the responsibility of each school to evaluate skill level and enter their team into the appropriate level. Season start/end dates as well as game schedules are determined by the league director. Offerings for this school year along with tentative dates are below. All offerings are open to **5th- 8th grade students** with the set **sports fee of \$150/sport/season**. Uniforms are provided by the school. Parents are responsible for personal equipment (varies by sport), transportation and home game worker assignments. **Practice days/times are confirmed when coaching staff is secured, but we attempt to limit MS to 3 contact days per week.**
