DEAR LEGACY COMMUNITY,

Welcome to the 2021-22 school year! I can't tell you how excited I am to see students' smiling faces return to campus and resume a typical Legacy school day! I trust the content of this booklet will help you and your family step confidently into the new school year.

God is at work in our Legacy community. We are completing the final year of our Beyond Imagination Strategic Plan and I look forward to working with our community this year to seek God's vision for and finalize Legacy's next five year strategic plan. The extensive remodel is almost complete and will be ready by the start of the school year. I want to encourage you to take a few extra minutes at the **Back to School Open House on Thursday, August 26th** to enjoy seeing the new middle school classrooms, the new PreK area, the new middle school science lab, the new kindergarten classrooms, the LCA Cafe, and the set up weight room. Our God is faithful, our community continues to be exceedingly generous, and our students will be extremely blessed with enhanced opportunities through this remodel.

These updates couldn't come at a better time as our enrollment will likely surpass 730 students and as God has brought a handful of amazingly qualified, godly men and women to join our staff. We continue to add new academic learning opportunities like Elementary Innovation, Songwriting, Guitar, Business Finance and Investment, Introduction to Health Care, and Painting while adding additional experiences in our leadership and discipleship programs.

I am looking forward to reuniting with the Legacy community on Monday, August 30th to launch a new school year that will be full of life transformation, becoming more Christ-like, enjoying deep friendships, and significant academic growth. God has a perfect plan for Legacy and its students this year and I look forward to seeing it unfold.

In Christ,

Jake Mulvihill, Head of School

2021 COVID PROTOCOL

Legacy has shown over the past two school years that amidst COVID challenges, we can successfully accomplish our mission of *equipping the mind and discipling the heart* while doing what is best for students. Legacy will continue to provide a safe, on-site learning environment that allows students to flourish intellectually, spiritually, emotionally, and socially. Legacy will be in continual discussions with physical and mental health experts, government officials, lawyers, and other Christian school leaders to make the best decisions possible for our students as we aim to thrive despite lingering COVID concerns. *The following protocol is subject to change as necessary based on updated government laws and/or school conditions.*

LEARNING FORMAT

- All students will be expected to learn through in-person learning five days a week; Legacy will not be offering a full-time virtual learning option in 2021-22.
- If a student needs to be out of school for an extended period of time due to a positive COVID case or COVID symptoms, the principal will work with the family within 24 hours of the Health Office being notified to determine a home-based learning plan.

FACE COVERINGS AND MASKS

- Face coverings/masks will not be required for students, staff, or visitors. Anyone choosing to wear a mask or shield will be supported in their personal choice to do so.
- Face coverings/masks are required on student transportation. *This is a federal requirement.*

VACCINATION

- The decision to or not to vaccinate is a personal choice. Legacy will honor the vaccination decision of all staff, students, and parents.

HEALTH AND SAFETY PROTOCOLS

- Legacy continues to ionize its entire building through its updated HVAC ventilation system coupled with six ISOAIRE Ionization units throughout the building which captures 99% of viruses and other airborne contaminants.
- Hand sanitizer stations, increased hand washing breaks, and enhanced cleaning methods will be continued as effective strategies to protect students and staff.
- Please notify the Health Office if symptoms or a positive test for COVID-19 occurs.
 - *Students and staff with confirmed cases of COVID-19 will be asked to quarantine, along with their family members, based on current CDC and MDH guidelines.*
 - *Students and staff that meet the criteria of COVID-like symptoms will need to be out of school, along with family members, until: a medical provider provides a different diagnosis, a negative COVID test is received, or the individual has met the quarantine guidelines provided by CDC, MDH, or current law.*
- Contact tracing will not be conducted unless circumstances require.
- Social distancing will not be required.
- Chapel, concerts, events, etc. will not have capacity limitations.
- The Minnesota State High School League will govern COVID protocol during athletics.
- Field trips and travel for school programs will be restored as feasibly possible.
- Parents, visitors, and volunteers will be welcomed back into the school setting, as appropriate, upon checking in at the School Office.

Welcome! NEW STAFF
